Dear Members,

I am writing you today concerning some work we need to do in the main pool area.

When the sound baffles were removed from the ceiling in the Alden pool area, we committed to evaluating the baffles hanging over the main pool. Those evaluations are complete and although we feel our main pool area is safe, we believe it is prudent to eliminate even the remotest possibility of concern and close the pool while we remove these baffles from the ceiling.

Although we do not have an exact time line at this time, I want to assure you that the staff and contractors are working to get this job done as fast as possible.

Beginning Friday, February 5th, we will close the main pool and consolidate operations into the Alden pool. The Alden pool will be scheduled week to week in order to accommodate our members to the extent possible. Please feel free to use both our Central and Boroughs branches if their pool schedules can meet your needs better. Schedules will be available at the Welcome Center desk and on our web site at www.ymcaofcm.org.

Updates on our progress will be available on the white board in the lobby, the web site and the phone message when you call Greendale.

Please stop by, call or write me if you would like to discuss this issue further. Thank you again for your patience and cooperation.

Sincerely,

A handwritten signature in blue ink that reads 'Trevor Williams'.
